Subject: Re Legislative Council Electoral Boundaries

Dear Sir

About redistribution of Legislative Council. Because Tasmania has less than 500 population (1/2million) there should be less seats. When the councils decreased I through Warwick Smith's office got the councils' down to 26 years later Warwick Smith copied my ideas. In 1998 I stood for Launceston Council - 744 votes.

1. Extremely small (Rosevears), Montgomery, Devonport - small included in Great Western Tiers
2. Devonport - extremely small (Windermere) into Apsley
3. Pembroke, (Sorell) very small with Rumney

Both small (Elwick - Hobart) in with Nelson.
