I'm proud of the progress that has been achieved in the past four years. The Council is in a much stronger position. There's increasing investment and development growth and growing interest in the area as a lifestyle choice. I aim to see that progress continue: to position us as a great place to visit, live and invest.

I have the strategic vision, dedication, perseverance and commitment required to achieve that goal and realise all the potential of the area. Let's build on that progress. For continuity, stability and growth please give me your number 1 vote for Mayor and Councillor.

## **ASHLEY, Christopher**

Candidate for Councillor

A vote for Chris Ashley is one for common sense, teamwork and integrity. I have personally supported community driven ideas such as the new pedestrian safety zone on Macquarie St, beatification works and the rectification of safety hazards. I have attended our local community group meetings, and found their vibrancy and can do attitude inspirational.

There are challenges ahead, finance, depreciation, country roads, unemployment amalgamations and revitalising Macquarie Street. Together, we can and must drive this municipality forward in a spirit of collaboration and goodwill.

I am strongly committed to responsible development and progress in our community. I support stable, open Council making sensible well informed decisions on behalf of ratepayers. I believe our community has a bright future and I am committed to work towards reaching its full potential.

I bring an array of experiences through a variety of careers from both here and interstate. Returning home six years ago, being elected to Council four years ago, I have seen some significant changes at Council. I have enjoyed the responsibility given to me by the electors to help improve the municipalities livability, in doing so I look at each decision in a considered, reasonable and practical way.

I have no affiliation with any self interest group so I look at all the workings of Council from an independent point of view. I look forward to continuing to serve the community into the future.

## KIESER, Greg

Candidate for Councillor, Mayor

Did you know the current Council is giving serious consideration to opening a new high security prison in George Town? We've also set the national record for the highest turnover of general managers in Australia. Let's stop the madness and instability. I have 20 years of leadership experience launching companies like Amazon and Dropbox in Australia. I live in Low Head and have been here for 8 years running my own successful technology consulting company. I believe George Town needs the right blend of experienced leadership and innovation. George Town - let's make it happen!

## MASON, Winston

Candidate for Councillor

I have lived in the George Town municipality for the past 60 years, during which I have seen some good times, some very good times and some ordinary times, sadly I believe we are now in the latter. The reasons are many and varied, however with my 25 years working with Comalco Aluminium 15 of which were in a managerial roll, 22 years in self employed retail supermarket business and my association with many sporting bodies both junior and senior I believe I have the background and passion to make George Town a better place.

## NEILSEN, Graeme

Candidate for Councillor

No I won't turn my back on you. Heard from a Councillor lately? Or just at elections! Generous allowances! Oh for the days when Councillors volunteered their services to the community! Choose carefully for the right reasons.

I support local government reform to save your rate dollars not just simple amalgamations. Keep politics out of councils. I retired from Council in 2011. It kept getting worse! No vision; poor governance; costly "revolving door" of 10 general managers in 7 years! Stop the rot! 0418131876 (7am - 7pm) Thank you.

---

## PARISH, Tim

Candidate for Councillor

I welcome progress and I am keen to represent our community. Underpinned by stable rates and improved finances it is now time for Council to concentrate on providing more services to the community. As an example having listened to your concerns I support the continuation of the Piper's River tip, better hours for the George Town tip, and the return of tip tickets. I also strongly believe the budget for street and road repairs should be increased. If you are looking for a progressive Council vote 1 Tim Parish.

The importance of growth in George Town has never been more important and while we work closely with industry and business to attract investment we must equally invest in our local families with opportunities for better recreational access and sorely needed family play spaces.

As a resident of George Town for over 40 years I am a firm believer in a local voice, and I believe our collective voice will become increasingly important to ensure clear direction. I encourage you to be informed and make your voice heard. I am always happy to talk, listen and be the carriage for your voice!
