GREGSON, Kenneth

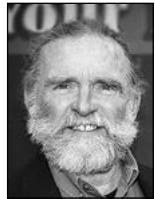

Candidate for Councillor, Deputy Mayor

Firstly, I make no promises, but an indication of my philosophy may be gleaned from my Letters to the Editor. I believe local government encompasses, integrity, transparency and accountability. A respect and reciprocity between Council and community is very important. Privatisation of Council recreational facilities, (eg Waterloo Point, Swansea) not to be subdivided. Private/public businesses not to be subsidised by Council. Development, environment, and infrastructure to be planned with the needs of all proponents, (developers/community) carefully listened to, for hopefully, amicable outcomes.

Dear Community I want to finish the job I started four years ago. I implore you to continue to support me in making our area a desirable place to live, work and play. Our Council has remained financially sustainable whilst delivering essential infrastructure and maintaining low rates. I will continue to support opportunities that create jobs for locals and grow our community. I ask you for your number one vote for Mayor and Councillor so I can continue this work.

McLEOD, Tony

With a 40 year working life including military service, corporate work and self employment in the building and tourism sectors I've gained a broad range of skills and experience. We have big challenges ahead that will require a stable, professional group of Councillors who are willing to work together to navigate our way.

Our community wants to be heard and I will listen to your views and bring them to Council. I value integrity, openness and service to the community. I will strongly support small business, local arts, opportunities for youth and appropriate, sustainable development.

I've had a strong connection with the Triabunna, Orford, Swansea and Bicheno areas for 35 years; raising a family, working and living in the municipality. I would like to see Council focusing their main efforts on their core business. Like you, I want to see good governance, meaningful consultation and openness within all Council operations. I will listen to ratepayers' concerns and ensure all voices are heard in relation to decisions which affect our living conditions. I've had extensive career experience working with communities and I look forward to working with you and for you.

SULLIVAN, Adrian

Let's put the local back into local government by listening to all our communities. Keep the character of our towns by promoting their businesses and the natural heritage that makes us attractive to locals and visitors. We need the Council to put our interests first and help build community. Good representation, better services and low rates are important for us all. I will bring to Council my experience as a science teacher, a long term shack owner, now resident of Coles Bay and Secretary of both the Men's Shed and the Friends of Freycinet. Vote for a more community committed Councillor.

SYMONS, Michael

Candidate for Councillor, Deputy Mayor

As owner of the Bicheno Newsagency for the last 16 years I believe I have a good understanding of our municipality and its residents. I consider myself a team player and I am confident that I can make a positive difference to our community. As president of the Bicheno Community Development Association and Bicheno Surf Club I have a good working relationship with staff at the Council. My interest in local government stems from wanting the East Coast of Tasmania to keep all the attributes we love about living here, whilst allowing opportunities for employment and sensible sustainable growth.

TAYLOR, Lyn

Candidate for Councillor

Had a home here for 35 years, a volunteer for 25 years. Worked for 45 years in clinical & management nursing and have the time & motivation to make a difference in Council. I understand the needs of the wonderful people in this exceptional area & will provide open communication, financial scrutiny & honesty.

What matters: equitable infrastructure funding; review Council delegated powers; representation for Northern areas; if forced amalgamation support for Bicheno & Coles Bay to move North; the current unfair AAV rates system; sustainable developments with local work. Our place, our future.

WISBY, Debbie

Candidate for Councillor, Mayor

As your Councillor I have undertaken my role in a transparent and honest manner. If elected, I will consult, listen, consider your views and treat you with respect whilst focusing on appropriate development, fixing stormwater, roads and footpaths, improving transparency, governance and financial management and creating a community-based board to manage local health issues.

I have 30 years experience in managing my own business. Vote for me and I will continue to work hard, speak out and stand up for you and all across our region. I have the experience, skills and commitment to represent you.

WOODS, Jenny

Candidate for Councillor, Deputy Mayor

I have been your elected Councillor for the past two terms and I am seeking your number 1 vote not only for Councillor but also for Deputy Mayor. I have recognized experience in local government and a respectable working relationship with not only you the resident/ratepayers but also with Council. I can get the job done.

Critical infrastructure and works projects across all towns are important issues for me and it's vital that it is done through a proper consultative process. I also believe that Council has a very important role to play with economic development for the whole region.
