Cygnets has been my home for 20 years. In this beautiful place I have raised my family, grown a small business and been nurtured by a caring and connected community. I have had the happiest of lives here and I want to give back to this place and its people.

The Huon Valley has its own history and right now we have a challenge to do the right thing for ourselves and for the generations that follow us. I encourage and support accountability, consultation, inclusion, fiscal responsibility and sustainable strategic planning. I want to help create a bright future for all of us.

## **BIRD, Juarne**

I live, work, volunteer and raise four children in the Huon Valley. Among other things, I started and voluntarily manage the Geeveston School & Community Op Shop which serves a number of communities and organisations in the Valley. I want to see families stay here in the Valley and with my background in community service, I believe I can bring a balanced and respectful view that takes into account knowledge, collaboration and respect for all industries that have shaped and formed the things we are able to enjoy here today. My motto is to serve and care for those who call the Huon Valley home.

Self-interest has destroyed Council's reputation and wasted money and opportunities. We need a fresh Council with good governance, budget control and sustainable infrastructure development. Addressing climate change is critically important. I am a Green, a committed team player, and I will represent the people honestly and openly.

As a business woman, community volunteer and academic with leadership skills and broad experience, I seek your help to restore transparency, accountability and respect to the Council. Together, we can bring vision and prosperity to the Huon Valley.

My name is Sally Doyle and I am running for Councillor & Deputy Mayor of the Huon Valley Council. I am a proud 6th generation Tasmanian having lived my entire life in the Huon Valley. I want a responsible and prosperous future for the Huon Valley so that future generations can thrive here. I believe as a Valley we must all work together for the collective best no matter which community we are in. I am asking for your number 1 vote in the October Council elections. ## ENDERS, Bec

Candidate for Councillor, Mayor

[Web link](#)

I am running for Councillor and Mayor because I believe in community and its involvement in Council decisions. The challenges are to return to good governance, trust in Council and meet community expectations for our economy, environment, changes in population and industries. I bring to the position of Mayor qualifications in public sector management, planning and building. Before joining the Tasmanian Department of Justice as a Change Coordinator I worked as the Executive Officer to Hobart's Lord Mayor. As an independent candidate I will be free of any party politics or self-interests.

## FYFE, Cherie

Candidate for Councillor

I am of a military background, I served in the RAN during the 2nd Gulf War. It is my Naval background that has instilled in me values such as honour, honesty, loyalty, integrity and courage; all of which I believe to be not only good values to have but necessary for a Councillor. I am motivated to run for Council as I feel strongly about giving a voice to the people, to our community. I believe a good Councillor is someone who can be relied upon to listen to the community and deliver that information to the correct channels for discussion and rectifying.

## GIBSON, Paul

Candidate for Councillor, Mayor

[Web link](#)

For 30 years I've run successful architecture and construction businesses. We can change the experience of dealing with planning by rearranging staff to shepherd applications through Council. Our future is to build high quality multi-use trails, spread across the Valley, with health and transport benefits for all locals. These will be funded through increased small business activity catering to families visiting for adventure holidays and provide ongoing youth employment. HuonTrails.org is a new direction that is climate friendly, and will bring prosperity to all residents of the Huon Valley.

---

## **HERRIOT, Robert**

Candidate for Councillor

[Web link](#)

Knowledge, experience and integrity. I am an economist with a strong interest in the special balance between the environment, sensible development and the prosperity of our Valley.

As a former architect I have the professional understanding of environment and planning issues, infrastructure and the management of the Council's resources. I have retired from a very active career and can commit my time to represent your interests.

---

## **KYNE, Trish**

Candidate for Councillor, Deputy Mayor

A passion for community issues has been reinforced by 38 years in health. A decade managerial experience honed my skill set to include budgets, risk assessment, strategic plans and good governance.

Experience in a variety of teams has demonstrated the most successful comprise of people from disparate backgrounds, work and life experiences. Drawing on that knowledge contributes and informs debate. Setting egos, political agendas and preconceptions aside allows listening with heart and mind; enabling fair evaluation of facts and information to reach a consensus. Vote for experience.

## LINCOLNE, Ross

Candidate for Councillor

[Web link](#)

My career as a scientist working on satellite images has helped me see what a special part of Tasmania we have in the Huon. We can however improve the region. Better health facilities, low-cost housing, new businesses, sustainable tourism, regional brand building, more parks and recreation facilities will achieve this. Our residents - especially young people - need more work opportunities, training and affordable housing so they don't have to commute or move elsewhere. As a Councillor and member of the Tasmanian Greens, I will ask people to have their say in the future of our communities.

---

## NEWELL, Mick

Candidate for Councillor, Mayor

I have worked in retail and construction before working for twenty years abalone diving. I've been an owner operator of Kruse's Salvage in Huonville for six years. I owned and ran the Russell River Farm at Lonnvale for ten years farming beef and cherries. I am a past President of the Tasmanian Abalone Divers Council/Divers Sub Council in 2012. I was Project Manager/Developer of the Riverside Villas in Short St, Huonville. I also represented Tassie on My Kitchen Rules in 2013.

If elected Mayor I will give the job 100% as I am driven by the love of the Valley and its people.

I'm in my early 30's, a married mother of 2, lucky enough to call the Huon Valley my home since I was young.

In 2016 I was announced as Barnardos Mother of the Year for Tasmania. It was such an eye opening experience for me. Being born with a physical disability, it has helped me realise that I need to help my local community to become stronger and better for not only our current residents but our future and prospective ones alike. I will strive to represent all members of our community to the highest of my abilities, making our home a more inclusive, progressive place for everyone.

The new Council needs wise and experienced leadership. I have been a Councillor for 15 years.
