## **BLENKHORN, Rodney**

Candidate for Councillor, Deputy Mayor

As a fourth generation Kentish resident and currently a small business operator I ask for your vote to re-elect me as a Councillor and also to elect me as Deputy Mayor. I stand for passionate representation without fear or favour. I will not be answerable to particular interest groups and see my role clearly as representing all views within the Kentish municipality. I support a common sense approach to sustainable development not only that development aimed at local living and industry but also development that capitalises on the increasing tourist numbers that come through Kentish.

## **CANNELL, Elisabeth**

Candidate for Councillor

I'm a small business owner located at Acacia Hills and have resided in the Kentish Municipality for almost 30 years. Some of our constituents may remember when the most recent draft planning proposals were put on the table; the wording of which was going to negatively impact animal husbandry on certain small holdings. I door knocked, pamphlet delivered, petitioned and contacted the Planning Commission as an individual for a satisfactory result at the time. I have strong skills in writing, auditing, and compliance, a skillset suited to working as your Councillor.
