I arrived as a young teacher in 1986. I have grown to love the place, the people and the way of life on the island I now call home. I am known to be a rigorous, considerate and calm decision maker. King Island deserves decision makers who are thorough, open minded and experienced.

I have relished the opportunity to volunteer my time coordinating numerous events. I have been a strong and active advocate for education in isolated areas. I can promise to act with respect and integrity. I will endeavour to make the best decisions. I can promise a total commitment to the King Island community.

If elected, I will work to develop strong two way communication between King Islanders and Council to ensure a matching of the community's wishes and of the Council's requirements. I will work with other Councillors to develop a complete understanding of our financial position and build a budget which targets the community priorities. I will help put in place a system of monitoring and accountability to prevent overruns and budget blowouts.

I will work hard to ensure a genuine feeling of teamwork and respect between Councillors, General Manager, Council staff and the King Island public.

After serving as a Councillor for the last 4 years I will be standing on the following platform. To listen and communicate with the Islands people, to always act with with integrity and no self interest. Be approachable at all times and be completely transparent with the constituents.

For prudent governance fiscal policy should be high on the list for attention for the new group of Councillors. Need to find efficiencies even if they need to push to find them. If elected I will work hard and do everything that is in the best interest for the Island and it's population.
