ANTOLLI, Aldo

Candidate for councillor, deputy mayor

Combining strong social services and business backgrounds, I support service oriented, rate payer focussed leadership emphasising good governance. I promote a check-list style approach to DA approvals so Council becomes a facilitator, not frustrater, ending costly and time-consuming plan resubmissions, with more housing options. Swifter road and footpath maintenance and improved amenities must be prioritised including affordable sporting facilities. I will fight to resolve local traffic issues and for 24/7 police and ambulance services. See www.aldo4kingborough.com for my full platform.

BAIN, David

Following strong community support, & with the endorsement of outgoing deputy mayor Jo Westwood, I would love to represent you on Council & continue to make Kingborough a great place to live. I have 20 years' experience in financial management – skills I am keen to bring to Council.

For two years, I've been campaigning for my community – for a local playground, better public transport & improved pedestrian access to Spring Farm/Whitewater Park & across to Huntingfield. If you elect me as a councillor, I'll fight for you too. I am passionate about building neighbourhoods we can all be proud of.

I'd love to be your enthusiastic and proactive deputy mayor and councillor. In my 3 years on Council, I've championed climate action, landed our net-zero by 2035 target, opposed pokies in pubs, and progressed our Street Tree Strategy. I'm on the board of Gymnastics Tasmania, a proud CPSU workplace delegate, and I've worked for the Heart Foundation, Anglicare, and sat on the ABC Advisory Council. As deputy mayor, I'll protect what we love about our towns and communities, help create dynamic and beautiful public places, maintain our bushland and increase our transport choices. #voteGreens.

At 31, I bring a fresh perspective to Council. I grew up here, teach in the area and now have my own young family. I'll prioritise our housing crisis because I want our Council to do more. I'll advocate for inclusive & family-friendly facilities, and as an active sportsperson, I'll be the biggest supporter of our sports & community clubs.

The endorsement of the former mayor, Dean Winter, shows I'm committed to a sensible and progressive approach to Council matters. My public policy background means I'll make considered decisions. I'll work hard so that Kingborough grows to the benefit of all.

JENSEN, Alex

Candidate for councillor

As your councillor I'll make Kingborough Council transparent and efficient. I will serve our community – you and your family – not political parties or developers. I'm principled and honest; no one should get special treatment. I'm qualified to assess proposals based on their merit, from both a practical and academic perspective, because I've studied town planning and land management, and worked as a land surveyor and land administrator. I'll always make decisions which are in the best interests of Kingborough residents and business owners, because my priority is serving you!

LUCAS, Kate

Candidate for councillor

Resident of Coningham 13yrs. Works locally as the business mgr at Margate Primary. Vice-president/ treasurer of CALCSA. Co-owner of Woodbridge Market. Member KCC Safety Committee. Rate increases should be based around CPI with good financial management keeping expenditure within budget. More services needed e.g. doctors, ambulances, to support the fast growing municipality. Would like to see a municipality that has the amenities to meet the needs of all ratepayers, right across Kingborough, balancing this with the needs of the environment & wildlife with consideration of climate change impact.

McQUILLAN, David

My wife and I love living in Kingborough and built our new home here. I serve on Council's Disability Inclusion & Access Committee. I'm the business systems manager at Anglicare and previously worked in state government. I have a finance degree and am studying public health leadership.

Kingborough can prosper if Council works more collaboratively. I'll represent your interests and won't pursue political agendas or personal gripes. I'll prioritise encouraging investment to increase housing supply and support local jobs, providing accessible amenities, and preserving our natural assets.

Kingborough is growing and we need to plan well for our changing community. My background includes 4 years as councillor and a professional in the community sector, local & state government. I have chaired Council committees and working groups. I know how to get results.

My priorities are bicycle, footpath, sport and public transport infrastructure, environmental protection, climate change initiatives, inclusive and creative communities, sustainable development, Channel and Bruny. I will listen to you and advocate to ensure we continue to have the best place to live, work and play. #vote green.

RICHARDSON, Mark

Candidate for councillor, mayor

[web link](#)

Capable, transparent and resident focussed leadership is my pledge as mayor. With a family and as a small business tradie living in Margate (20 years) I'm committed to making Kingborough better. As your mayor I will: prioritise essential infrastructure (roads, sporting facilities, and playgrounds), minimise rates, fight for much needed state and federal funding for infrastructure as our population continues to increase, vigorously oppose moving the Antarctic Division, ensure Council helps not hinders residents in their planning and maintaining Kingborough's liveability.

ROWAN, Michael

Candidate for councillor

Local government matters. Dealing with planning, development and land use, it shapes our homes and community. To do better our Council must form a stronger partnership with the community it serves. Smarter, more creative and more connected. Council should make decisions that make sense to us, building prosperity which will prove resilient to the challenges of the future. Especially the fires and floods of climate change. With my background in uni senior management, I will bring common sense and climate sense to the Council, making decisions which make the best of Kingborough. Visit mrfkf.com.

STREET, Christian

Candidate for councillor, deputy mayor

[web link](#)

It is important that our leaders have the experience needed for the role. I have the experience to represent our community, without forgetting why I first ran for council. As a councillor I have worked hard to keep our rates low, and make sure that our community is put first in decision making. I have made sure that Council's decisions are made for all and not for the benefit of special interests or for scoring political points. Our community want efficient service delivery, respectful use of ratepayer money, and for Council to be available when they need it. That's what I will deliver.

WRIEDT, Paula

Candidate for councillor, mayor

[web link](#)

After 10 years on Council & as a former Minister, I have a range of skills. Living here for 32 years, I understand this area. I know how to balance competing needs: eg delivering services and infrastructure while minimising costs and rates; enabling growth while still protecting the amenity of Kingborough.

I have shown respectful leadership, working with councillors to ensure well considered debates. I am highly approachable and regularly take part in community events, listening to residents. I am an effective and strong advocate for Kingborough and would be proud to continue to be your mayor.
